

Website Design Packages

AMS Lite Package - \$500

Contains:

- 1) Homepage
- 2) Contact Us
- 3) About Us

Our AMS Lite Package is a basic website design perfect for any local small business who is looking to get people inside their doors. If your business is not looking to sell things online, but rather just looking to add on to your clientele the basic website design is perfect for you! This package includes 3 pages: Homepage, Contact us, and About us. All these pages are targeted to allow easy contact and location information to any customers looking for your business in the area, while also presenting your business in a design forward way. Although this package only starts with the 'basics' the opportunity does not stop here!
